BROKERS FIRMS ARE FORGED TO THE WALL

Three Failures Announced in Wall Street This Morning.

MARKET NOT DEMORALIZED

Pricking of the Webb-Meyer Bubble Causes Suspension of Firms Handling Business of Remarkable Syndicate. General Market Holds Up Well.

NEW YORK, May 5 .- Three Stock Exchange firms were forced to suspend this morning. The failures were directly due to the stock speculative enterprises of the so-called Webb-Meyer syndicate. Exposure of the shadowy fabric upon which they were built caused fictitious prices to erumble away, and those firms which handled the business of this remarkable syndicate were forced to the wall despite desperate efforts made to save them.

The firms which suspended in the order of their announcement were as follows: Offenbach & Moore, 25 Broad Street. Firm members, Robert Offenbach and Benjamin P. Moore. This concern was organized in 1901 less than a year ago. Henry Bros. & Co., 71 Broadway. Firm nembers, Howard W. Henry, Ambrose D. Henry, and William E. Gordon. An old

co-parternership agreement in 1900. Prior to that time one of its leading members was Frank Henry, a well-known New Yorker, who was fatally attacked with apoplexy at the Racquet Club. Lockwood, Hurd & Co., 44 Broadway.

Firm members, Henry B. Lockwood, Frank H. Hurd, and Frank M. Kelley. This firm was organized in 1897, and is the most important concern of the three. It transacted a large commission business and has elaborate offices. and has elaborate offices.

As the failures were expected, the announcements were not followed by stock market demoralization. The market opened heavy on expectation of the failures and the belief that chances of a coal strike were not so remote. There were two 100 lot sales of Butland preferred at strike were not so remote. There were two 100 lot sales of Rutland preferred at two 100 lot sales of Rutland preferred at 96. This is of the Webb-Meyer properties. It was on the Broad Street Curb, however, the "syndicate" properties made a decidedly wretched showing. There was an absence of support in evidence that plainly indicated a punctured bubble. As most of the properties have a value that is wholly experience and content of the properties have a value that

is wholly surprising, such serious de clines were in no sense to be wondered at This morning Dominion Securities Company opened at 10 bid and 65 asked as compared with 45 and 80 asked on Saturday. Hackensack Meadows was 20 bid, a decline of 5 points in bid price. North American Lumber and Pulp was offered at 30 with no bid, and Storage Power at 4 bid, a decline of one point. But buyers were hard to find and no one appeared from the Offenbach & Moore concern to protect their interests.

repeared from the Offenbach & Moore concern to protect their interests.

Up to 11 o'clock, 5,800 shares of various stocks were sold on the Stock Exchange under the rule for the account of the suspended firms. Among these were 100 shares of Rutland preferred at 86. The preceding regular sale of Rutland was at 96 and the two regular sales immediately following the sale under the rule. ately following the sale under the rule were \$7 and 92 respectively.

FAILURES NOT FELT HERE. Local Stock Brokers Sustain No Injury

From New York Failures. The failures in New York growing out

of the transactions in the Webb-Meyer securities had no effect upon the Washington Stock Market today.

Several prominent stock brokers of this city stated this afternoon that none of the local concerns had any connection with the firms that had failed and that the stocks which those firms had carried were | CORN KING PLANS GIANT POOL not dealt in here except in very rai

DARING RESCUE AT FIRE IN BUFFALO

Nearly three and one-half million dol- Big Grain Elevator Collapses, Pinioning Firemen.

> BUFFALO, May 5 .- Fire destroyed the Wells Elevator on Buffalo River early this morning. The elevator was well filled with grain its total capacity being 550,000 bushels and this is an almost total oss. A conservative estimate places the entire loss at about \$400,000. It is said the structure and contents were fully in-

Lieut. John Hoelcle and Fireman John Kennel, were seriously injured shortly before 4 o'clock, when the north wall of the elevator fell. One of Kennel's lungs was punctured and it is feared he will die. Hoelcle will recover.

The two men were working with about fifty other firemen on Ohio Street, a parrow thoroughfare, when without warning the wall fell. It is the first time in the history of Buffalo elevator fires that a

ourning elevator has collapsed. The fact that only two men were in jured is almost a miracle. Apparently there was no chance of escape, for the half hundred men who were within thirty feet of the burning structure. Be hind them was a row of houses and tores. The men escaped by dodging into he areaways between these places. Kennel was pinned down by heavy timbers and was surrounded by flames. Every man who saw him jumped to the rescue. The flames were fought back by streams of water while the firemen sawed and chopped away the timbers and released tennel. It was a daring piece of work and the men were cheered to the echo.

SALE, MAY 15, 1902.

By decree of the Circuit Court of the United States (Eastern District of Pennsylvania, April Term, 1899, No. 6) entered on August 22, 1901, I will offer for sale at public auction at noon, on Thursday, May 15, 1902, at room 201 in the Philadelphia Bourse, at Philadelphia, Pa., the following securities:

Nine thousand and fifty (9,050) Shares

of the capital stock of The Record Publishing Company, of Philadelphia, Pa., par value one hundred dollars (\$100) per share, and four hundred and seventy thousand dollars

(\$470,000) first mortgage Bonds

(six (6) per cent.) interest payable January and July, executed by The Record Publishing Company, and maturing July 1, 1930. Said securities will be sold free from all the claims, interest, and liens of all the parties to this suit, and of all parties and persons claiming by, through, or under them.

The terms of sale will be as follows: All said stock will be offered first as one parcel, and all of said bonds as one parcel. No bid will be accepted for said bonds less than the par value thereof and their accrued interest. The sum of \$25,000 shall be paid by the purchaser of said stock or bonds before the same is struck off to such purchaser, unless he shall purchase both stock and bonds, in which case the earnest

money first paid shall cover the second purchase. The purchaser of said property shall pay in cash the sum of \$500,000 to the Special Master Commissioner, within ten days after such sale, at the expiration of which period confirmation of sale may be applied for. If, however, the shares and bonds be purchased by different persons, each person shall pay that proportion of the five hundred thousand dollars which will represent the proportion the amount of his bid shall bear to the aggregate bid for shares and bonds. The balance of the purchase price may be paid in two equal installments in three and six months from the date of sale, the same to be evidenced by the promissory notes of the purchaser, bearing interest at 6 per cent. from the day of sale, payable to the Special Master Commissioner and to be secured by the deposit in the registry of said court of all the stock and bonds so purchased, but for the certificates of stock so sold the purchaser may cause new certificates to be issued in his name, the same to be forthwith so deposited with proper powers of attorney as security

for said deferred payments. If the purchaser or purchasers shall fail to comply with the terms of the bid or any order of the court relating to the consummation of said purchase, then the sum paid in by said purchaser or purchasers shall be forfeited as a penalty for non-compliance. If any sale for which a deposit is made be not confirmed by the court

such deposit shall be returned to the bidder. Claims against William M. Singerly secured by said stock and bonds may be received by the Special Master Commissioner on account of the amounts to be paid on the purchase of said property at such price or value as would be equivalent to the distributive amount that the holders of said claims would be entitled to receive in case the entire amount of the bid were paid in cash.

The Record Publishing Company, of Philadelphia, is a company incorporated June 14th, 1890, under the laws of Pennsylvania. It publishes a daily and Sunday newspaper. The capital of the company is \$1,000,000, divided into 10,000 shares of \$100 each, of which I will sell 9,050 shares. There is a funded debt of \$500,000 first mortgage 6 per cent, bonds, due July 1st, 1930, of which I will sell \$470,000 bonds. Above bonds are secured by a first mortgage upon real estate, rights and other property therein mentioned and

The real estate consists of a valuable lot of ground in the business centre of Philadelphia, and situated next to the Post Office Building, upon which is erected an imposing granite building, fifty (50) feet wide by about one hundred and forty three (143) in depth. The lot contains in front on said Chestnut Street fifty (50) feet, and in depth from Chestnut Street to a rear street, called Ludlow Street, a distance of two hundred and twenty-two (222) feet. In the rear of the building is a piece of ground fifty (56) feet in width and sixty-nine (69) feet in depth, which would be available for the construction of additional buildings, upon which heavy foundation walls have been constructed. The granite building referred to is occapied in part by The Record Publishing Company, and the remaining space rented at an annual rental of over \$10,000.

The Record Publishing Company owns a complete, first-class and modern equipment (including one Goss sextuple and four Hoe sextuple presses and sixteen Mergenthaler linotype machines), sufficient for printing a sixteen (16) page daily newspaper of 250,000 copies. An important part of the equipment has been purchased within the last three years out of the earnings of the Company, for which about \$150,000 has been expended. The Record Publishing Company also owns the Associated Press franchice.

The net profits for nine years, commencing July 1st, 1892, and ending June 30, 1901, without deducting interest on bonded indebtedness, average for each year, \$242,868.49.

The advertising patronage of "The Record" is now, and for many years past has been, very large and profitable. The property is without doubt one of the most valuable newspaper properties in the world

Interest on its bonded indebtedness is paid to January 1st. 1902. Its indebtedness, outside of its bonded debt, is relatively small and can be paid out of cash on hand (which on January 1st. 1902, amounted to \$203,849.63), and leave a large cash balance. Out of the earnings of the company, since 1898, a mortgage of \$200,000 previously existing has been paid in full and many valuable and permanent improvements made.

Detailed information will be furnished intending purchasers on application to the Special Master Commissioner. For this purpose a pamphlet has been printed containing picture of building, copy of bond, full reports of Edward P. Mexey, certified expert accountant and special expert of the Comptroller of the Currency of the United States, and of H. H. Cust, treasurer of New York "Commercial, giving in detail gross receipts, expenses, net income, and columns of advertising for each month from July 1st, 1892, to January 1st. 1902. inclusive: description of real estate and plant, mechanical equipment, and all other necessary information. An opportunity, on like application, will be afforded intending purchasers to make such reasonable examination of the real estate and plant as may be necessary.
